

The Warrior Fishing boat - one of NZ's most popular fishing boats for sale!

Out of all our fishing boats for sale, many customers come back to us saying that they find the WARRIOR fishing boat one of the most versatile on the market. It's no coincidence, since we designed it to be that way. Each WARRIOR is much more than just a fishing boat ... in fact, it can be customised with accessories to provide your next fishing trip with the ultimate in comfort.

The WARRIOR has 2 seats in the back with back-to-back seating and a pedestal as standard. However, the back-to-back seating can be taken out and replaced with another pedestal and bait rack for the more serious fisherman.

The WARRIOR Outboard Hardtop has the same specs as the standard WARRIOR but with the exception of the roof and windscreen. It can also be fitted out with a cooker, a sink, freshwater tank and electric toilet to sleep 2 people for that weekend away, improving your chances of getting the big one!

The WARRIOR Sterndrive has an inboard motor and can be used as both a fishing boat or for waterskiing. It has removable rear seats that allow for easy access to the back of the boat. Rod racks and stainless steel rod holders provide excellent stowage for fishing gear, while waterskiers can make full use of the stainless steel ski tow pole.
